## WHO IS AVANTI FINANCE?

Avanti Finance is a New Zealand owned and operated non-bank lender. We've been working with introducers, advisers and brokers to provide a broad range of loans for over 30 years, helping thousands of hard working kiwis get into a new home, a new car, start a new business and consolidate their debt.

If you haven't heard of us before, that's because we mainly offer our solutions through brokers or advisers. We believe in the value of the right advice for your loan search.

As a member of the Financial Services Federation, Avanti Finance supports and promotes responsible behaviour in the provision of financial services to New Zealanders.

## WHAT MAKES US DIFFERENT?

We take a holistic approach to lending, looking closely at individual circumstances. By focusing on broad solutions, we're often able to help you when other lenders may have said no. You are unique, so we've designed our solutions to match.

We know that sometimes 'life happens' too, that things can get complicated financially, and that's when you need a lender that works with you to find a real, practical solution.
